DETAILED ACTION

Claim Rejections - 35 USC § 102

1. Claims 1-15, 18-21, and 24-31 are rejected under 35 U.S.C. 102(e) as being anticipated by US patent #6,198,906 (Boetje). Rationale for the rejection continues to be as set forth in the last Office action.

Claim Rejections - 35 USC § 103

2. Claims 16, 17, 22, 23 and 32-35 are rejected under 35 U.S.C. 103(a) as being unpatentable over Boetje. Rationale for the rejection continues to be as set forth in the last Office action.

Response to Arguments

3. Applicant's arguments filed on 3/23/04 have been fully considered but they are not persuasive.

REMARKS:

In response to the argument that Boetje does not teach a “production system”, Boetje teach a system comprises means for scheduling and editing a broadcast, controlling broadcast equipments and resources to generate a broadcast (abstract; 2:56-65), thus is a production system as claimed.

In response to the argument that Boetje does not teach a “script”, Boetje teaches a data structure comprising set of instructions for managing events, materials, media and playback

resources (3:5-8), controlling production equipments (3:32-34), instructions defining start and end points of events thus are scripts. In response to the argument that Boetje does not teach “commands activated in relation to a script”, the TAKE command is an example of Boetje’s teaching of commands activated in relation to a script (17:13; 47-50). In response to the argument that Boetje does not teach the production commands to load, cue, play as disclosed in the applicant’s specification, although the claims are interpreted in light of the specification, limitations from the specification are not read into the claims. See *In re Van Geuns*, 988 F.2d 1181, 26 USPQ2d 1057 (Fed. Cir. 1993).

Conclusion

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
